TERROIR COLLECTION JAGGED ROCK VINEYARD 2021 SAUVIGNON BLANC-SEMILLON

The uniqueness of site and soil; a depiction of the diverse Okanagan microclimates.

JAGGED ROCK VINEYARD

Jagged Rock Vineyard, surrounded by steep rocky cliffs at 1,400 feet elevation, is a remarkable spot. The sparse, sun scorched soils and heat reflecting off the cliffs provides an ideal viticultural environment. Each area of the vineyard has its own unique growing condition, allowing the winemakers to choose specific blocks to get the most out of the Sauvignon Blanc and Semillon used to create this refreshing wine.

TASTING NOTES
