

MISSION HILL

FAMILY ESTATE

2020 RESERVE ROSÉ

An Uncompromising Expression of the Okanagan Valley.

VINTAGE REPORT

The 2020 growing season began with periods of unusually cold and wet weather, challenging our viticulturists during our final year of conversion to 100% organic viticulture. The weather during flowering was very cold, contributing to a marginal fruit set and low yields. The cool spring progressed to a beautiful Okanagan summer with consistent warm temperatures and without severe heat spikes. An ideal fall, with warm days, minimal precipitation and cool nights, coupled with low yields produced concentrated and structured wines. Our 2020 harvest concluded on October 30, marking a short, but beautiful vintage in the Okanagan.

WINEMAKER NOTES

Our 2020 Reserve Rosé was sourced from our estate vineyard in Osoyoos. First planted in 1997, the Osoyoos Vineyard is the region's most southern area and is comprised of arid benchlands that benefit from the lake's effect providing the region with more than 200 frost-free days. The combination of the loamy sand soil and wonderful warm climate allows the grapes to completely ripen for full flavour.

TASTING NOTES

Crisp and vibrant, with a summer bouquet of fresh watermelon, juicy raspberry and wild strawberry. A uniquely Okanagan Valley Rosé.

VARIETAL | Pinot Noir (38%), Syrah (33%), Merlot (29%)

APPELLATION | Okanagan Valley BC VQA

ESTATE | Osoyoos East (62%), Black Sage Bench (38%)

MATURATION | Stainless steel (97%), neutral French oak (3%)
